<p>Mini Musicians Learning</p> <p>Krystal Crawford</p> <p style="color: orange;">Fall</p>	\$10	\$40	Do you remember learning your ABCs?! Make learning fun with music! Music Memory is an often used tool for hard or abstract concepts. Each class focuses on a specific topic to be learned in a fun, catchy song. We will complete an in-class project to reinforce student knowledge and understanding. Please note, this class focuses on learning concepts/memory through music. It is not a formal music class. Students will complete a calendar to take home.	None	None	Basic school supplies

CLASS TITLE	Supply Fee	TUITION	K4- KINDERGARTEN	PREREQUISITE / REQUIREMENTS	ESTIMATED HOMEWORK	REQUIRED MATERIALS
Artsy Einsteins Shannon Boyd Fall & Spring	\$20 (\$20 for Fall & \$20 for Spring)	\$40	Bring your Kindergartner for an art, book & critical thinking adventure each week! We will have a story, discussion, and then complete a fun art project to go along with it. We will then be "Little Einsteins" and use our brain to complete a critical thinking project. It's smart art with a brainy twist!	Able to sit still, listen and follow directions. Supply Fee will cover art supplies.	None	Pencil, eraser, crayons, markers, glue stick, scissors
The Human Body Emily Morris Fall	\$10	\$40	Students will learn functions and systems of the body. Subjects will include the respiratory system, composition of our blood, and the nervous system.	Able to listen and follow directions	None	Pencil, crayons or markers, scissors, glue stick
Seed to Table Emily Morris Spring	\$10	\$40	Students will learn the anatomy of a seed, the process of growth and the care and recourse needed to grow a seed themselves. Each student will begin the class by planting an herb commonly used in cooking. The seed's progress will be followed throughout our classes and each child will take their herb home when classes are complete.	Able to listen and follow directions	None	Pencil, crayons or Markers, scissors, glue stick

CLASS TITLE	Supply Fee	TUITION	1 st – 2 nd	PREREQUISITE / REQUIREMENTS	ESTIMATED HOMEWORK	REQUIRED MATERIALS
Texas our Texas Shonda Warren Fall	\$10	\$40	Learn facts about the state of Texas: famous Texans from history, the different regions, and the importance to the economy both past and present, State Song, State Bird, etc.	Follow Classroom Etiquette	None expected but we may do a fun end of session presentation	Regular classroom supplies, pencils, markers, crayons, notebook paper, etc.

CLASS TITLE	Supply Fee	TUITION	5th-6th	PREREQUISITE / REQUIREMENTS	ESTIMATED HOMEWORK	REQUIRED MATERIALS
Junk Box Wars Melanie Randall Fall	\$10	\$40	Experience hands on physics concepts through team competition. Weekly build competition projects will require planning, cunning, and skill development. One individual project will be completed to experience engineering, building, and construction. (Also available to 7th grade)	Able to listen and follow instructions, read, and write	None	Basic school supplies
How about those Cowboys and Cowgirls Shonda Warren Fall	\$10	\$40	Learn about Texas history through the details, characteristics, and contributions of famous Texan Cowboys and Cowgirls. Their history is deeply intertwined with the state's identity and is rich in tradition and cultural significance. As Texas evolved, the cowboy became a symbol of the rugged and expansive West, a figure who played a central role in driving cattle along the trails: horseback riding, cattle handling, and apparel adopted from the Mexican vaquero.	Must be able to read, write, and follow classroom etiquette	May be asked to research a historical figure of their choice and report on them on week 8.	Regular classroom supplies, pencils, markers, crayons, notebook paper, etc
Food Chemistry Courtney Wren Spring	\$15	\$40	Students will see different physical and chemical changes that happen when cooking food. They will discover that working in the kitchen brings together the interests of an artist, chef and scientist.	Listen and follow directions	We may do a presentation on week 8	Pencil and notebook paper or journal to write in
Texas and MORE of the Wild West Outlaws & Lawmen Shonda Warren Spring	\$10	\$40	In the post-Civil War era, cowboys played a pivotal role in the expansion and settling of the American West. They oversaw cattle drives along trails such as the Chisholm Trail, leading to the establishment of towns and the dissemination of cowboy culture across the region. This session we will learn about several outlaw Cowboys/girls and the famous lawmen from wild west history.	Must be able to read, write, and follow classroom etiquette	May be asked to research a historical figure of their choice and report on them on week 8.	Regular classroom supplies, pencils, markers, crayons, notebook paper, etc
